

EXPLANATION OF YOUR FIRST BILL

As a reminder, your first Blanca Networks bill includes charges for the service you've already received plus services for the upcoming month.

Daily Service Rate*

x

of Days from the
Install Date to
the End of Month

= Prorated Services Charges

**Daily Service Rate is calculated by
Monthly Rate ÷ Days in the Month*

EXAMPLE:

Daily Service Rate* =

$\$80 \div 31$ (Oct.) = \$2.58

of Days from the
Install Date (5th) to
the End of Month = 17

$\$2.58 \times 17 =$ **\$43.86 Prorated
Service Charges**

Next month, your bill will be for one month of service.
